STUDY ABROAD FOR IRISH SECONDARY SCHOOL STUDENTS

UR COURSES

JUNIOR SUMMER COURSES

If you are looking for a summer getaway, consider enrolling for one of our Junior Summer Courses and return to school in the Autumn with new and improved language skills. Our summer courses are a great way to improve your French or Spanish language skills whilst making new friends and enjoying some fun and sun. You will be fully supervised and stay on campus.

TRANSITION YEAR INTENSIVE COURSE

If you want a more intensive language learning option for your Transition Year, consider one of our Intensive Courses at a specialist language school in France, Germany or Spain for 2 weeks to 12 weeks. You will stay on campus or with a host family and receive up to 35 hours a week of language tuition. As well as learning the language, there is plenty of fun to be had with a range of activities, sports and excursions organised by the language schools. In France and Spain you will have a dedicated group leader that will only look after Stein Study students.

TRANSITION YEAR SECONDARY SCHOOL PROGRAMME

Are you looking for an exciting and academically rewarding option for your Transition Year? You could spend 2 weeks to one full academic year attending a local secondary school in France or Spain. The courses combine an intensive language course (2 weeks) at a leading language school followed by a placement in a local Secondary School, whereby your TY will join in with local French or Spanish students. You will stay with a local host family, which is a great way to fully immerse yourself in the local language and culture. There will also be time to relax and enjoy yourself outside of school with a range of activities, sports and excursions.

LEAVING CERTIFICATE PREPARATION COURSE

If you are taking your Leaving Certificate exams in the next year or so, consider some extra foreign language tuition to help improve your grades. Our Leaving Certificate Preparation Courses in France, Spain and Germany, offer short summer courses (2 to 6 weeks) at leading language schools. You will stay on campus or with a host family and receive up to 34 hours of tuition per week. These courses include classes that focus on oral comprehension and past Leaving Cert Papers to prepare you for your forthcoming exams.

Classes per week may vary depending on destinations. Other starting dates available on request.

FRANCE

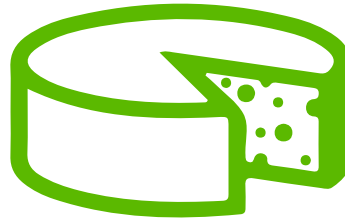

France is a popular destination for tourists and students from around the world and offers many reasons to visit including an abundance of natural beauty, medieval cities, pretty rural villages, Mediterranean beaches, top cuisine and its chic capital Paris. Choose from 5 diverse destinations; carefully selected and all offering something different for students to enjoy.

ANTIBES

Antibes is a vibrant town on the French Riviera, seen as a junior version of Saint-Tropez. It is a fun, sunny and popular destination for students to spend their summer as it is safe with plenty to do both day and night. The courses are run with one of the best French language schools in France - Centre International D'Antibes, which has two campuses located right next to the beautiful sandy beaches.

"The school was great and I learnt loads of french. The teacher that I had was very helpful also! The host family I stayed with was very nice and she helped us with our french a lot because she always spoke french to us. Overall I really loved the experience and the location of the schools and Antibes was amazing."

LA ROCHELLE

This magnificent port town on the Bay of Biscay in Western France is an ideal destination for teenagers. It has open green spaces, a colourful market and historical old town, innovative public transport and the sea and beaches. The courses are run at the excellent language school - InLingua, that is located close to the sea and town centre so students can easily access all that the town has to offer in their free time.

LOCHES

Loches is a river-side medieval town steeped in history and located in a beautiful and calm setting in the Loire Valley, France. The rich country side, forests, streams, cycle paths and trails make it a beautiful location to live and study and offers a calm and safe environment for teenagers. The course is offered through Saint Denis International School which has 30 international students and 880 French students at the school allowing international students to become fully immersed in a French school environment.
