Bon Jour
Guten tag!
Hola

At Stein Study, we provide Irish school students with the invaluable opportunity to study a foreign language abroad. Studying a language in the native country it is spoken in, is hugely beneficial and can greatly enhance language skills in a short period of time. With our courses, students not only benefit from improving their foreign language skills, they also gain unforgettable life learning experiences, meet people from around the world and learn how to be independent.

Our courses are provided by a selection of outstanding language schools in France, Germany and Spain. Each school is carefully chosen based on its quality of teaching, suitability for teenagers and its location. There is an exciting choice of 12 locations; from small rural towns and historical cities, to bustling cultural cities and sunny resorts by the sea. We believe that the location of the course is just as important as the course itself and we want our students to have a fun and rewarding experience.

Our packages include the foreign language course as well as full or half board accommodation, activity programmes, mentoring and supervision. Each course is different, so once you have identified which course type is relevant to you in our summary of courses, read the individual course pages to establish which specific course and location is most suitable for your requirements.

We look forward to welcoming you on one of our Stein Study language courses in 2020-2021.

OUR COURSES

JUNIOR COURSES

 Student age **13-16**  Class per week **20-35**  Starting Dates **Feb to Aug**

If you are looking for a **spring or summer getaway** consider enrolling on one of our spring/summer courses and return to school in the Autumn with new and improved language skills. Our courses are a great way to **improve your French or Spanish language skills** whilst making new friends and enjoying some fun and sun. You will be fully supervised.

TRANSITION YEAR INTENSIVE COURSE

 Student age **15-17**  Class per week **20-35**  Starting Dates **Feb to Aug**

For an **intensive language learning experience during TY**, enrol on a course at a specialist language school in France, Germany or Spain for 2 to 12 weeks. Stay on campus or with a host family and receive **up to 35 hours a week of language tuition**. Students can participate in plenty of fun activities, sports and excursions organised by the language schools.

TRANSITION YEAR HIGH SCHOOL PROGRAMME

 Student age **15-17**  Class per week **20-35**  Starting Dates **Sep to June**

Are you looking for an exciting and **academically rewarding option for TY**? Spend 2 weeks to 1 year attending a **local High School in France or Spain**. The courses start with an intensive language course at a leading language school, followed by a placement at a local High School where you will join mainstream lessons with local students. You will stay with a host family and there is a range of sports, activities and excursions to enjoy outside of school.

LEAVING CERTIFICATE PREPARATION COURSE

 Student age **16+**  Class per week **20-35**  Starting Dates **Jun to Aug**

If you are taking your LC exams in the next year or so, consider some extra foreign language tuition to help improve your grades. Our LC Prep Courses in France, Spain and Germany, offer **short summer courses** (2 to 6 weeks) at leading language schools. Classes focus on oral comprehension and past LC papers to prepare you for your exams. Students stay on campus or with a host family.

LIVE ONLINE COURSES

 Student age **13+**  Class per week **20-35**  Starting Dates **All year round**

For students who prefer not to travel, our Online Language Courses are a great alternative. Taught by our partner language schools in France and Spain, students join live classes using a video conferencing tool. Students work closely with their teachers focusing on the mechanics of the language, listening, comprehension, grammar, and vocab. There are private and group lesson options.

Classes per week may vary depending on destinations. Other starting dates available on request.
